MIDCOAST CULTURAL PLAN

We're checking in with you on the progress of the MidCoast's first Cultural Plan. Back in 2020, over 900 people helped us put the Plan together. Some amazing achievements so far include:

- establishing the MidCoast Arts Support Program, investing $15,000 annually
- employing a Cultural Development Officer to foster the local arts ecosystem
- partnering with Coastline Bank Foundation to help schools access cultural experiences (performances, exhibitions, excursions)
- launching the Beryl Jane Flett Studio at the Manning Entertainment Centre
- developing an annual Indigenous Art scholarship for NAIDOC week
- annual professional development workshops for the creative industries
- securing annual $50,000 philanthropic investment for Manning Regional Art Gallery
- streamlining the process for public art applications.
